About

I'm Ana Sá Oliveira, a 22-year-old software engineering student from Portugal. I'm currently looking for my first summer internship to gain hands-on experience in a professional environment and further develop my skills. I'm particularly interested in joining [Company Name] to contribute to software projects while developing my skills alongside experienced engineers.

Experience

Private Tutor in Functional Programming (Software Engineering) — Nov. 2025 – Jan. 2026
Private tutor for the Functional Programming course of the 1st year of the Bachelor's degree in Software Engineering at the Universidade do Minho — Braga, Portugal

Education

Universidade do Minho — Sep. 2025 – Now
Master's Degree in Software Engineering — Braga, Portugal
Specializing in Application Engineering and Formal Methods of Programming
First Semester Final Grade: 17/20

Universidade do Minho — Sep. 2022 – Jun. 2025
Bachelor's Degree in Software Engineering — Braga, Portugal
Final Grade: 16/20

Escola Básica e Secundária de Vale D'Este, Viatodos, Barcelos — Sep. 2019 – Jun. 2022
High School Diploma in Science and Technology (Scientific-Humanistic Track) — Braga, Portugal
Final Grade: 18/20

Projects

Database Administration Project [GitHub]
Performance optimization and evaluation of a PostgreSQL database using transactional and analytical benchmarks, through indexing and other forms of redundancy
Final Grade: 19/20

Language Processing Project [GitHub]
Development of a compiler for Standard Pascal
Final Grade: 18/20

Computer Graphics Project [GitHub]
Development of a 3D Engine Based on a Scene Graph
Final Grade: 20/20

Hackathon Bugsbyte Project [GitHub]
Web application for price optimization that uses web scraping and market data to provide intelligent recommendations and comparative product analysis
MC SONAE Theme - Price Optimization Tool

Skills

Technical Skills
Java, C, C++, HTML, CSS, JavaScript, Python, SQL, Haskell, C#...

Languages
Portuguese (Native), English (B2 - Upper-intermediate)

Driver's License
Valid and clean
